Please check one

- ARI:** Students academically dismissed with less than 60 hours or more than 60 hours will be considered for reinstatement if they complete an AA degree. The GPA is calculated from re-admission point forward. Students must complete at least 30 hours at USF following re-admission in order to graduate.
- ARII:** Students academically dismissed with more than 60 hours will be considered for reinstatement with university committee approval if engaged in successful non-academic activities such as work or military service for at least one year, or demonstrated recent academic success of 12 or more hours with 2.0 GPA, no grades lower than C, no withdrawals, and completed CLAS requirement. The ARC will designate which previous grades may be excluded from the student's GPA upon approval of reinstatement, in order to allow the student to start back at USF with a beginning GPA as close as possible to 2.0. Students must complete a minimum of 15 credits at USF from point of re-admission, have a minimum of 30 USF hours of C or higher grades, and have a 2.0 overall GPA in order to graduate.

All grades earned in the student's academic history will be used in the calculation of GPA for the purpose of Graduation with Honors from USF. Academic Renewal will only be applied to a student's academic record one time at USF.

I have read and agree to the instructions above, and understand that if my petition is incomplete the process will be delayed.
